

SINCE 1848

COMPACT SERVICE BODIES

Shown with optional equipment.

Features and Benefits

- A-40 galvalneal steel body shell with Knapheide's exclusive six-year warranty.

Complete undercoating provides extra protection from corrosion and road debris.

- Exclusive "Return Flange" floor design provides support for side compartments, adds floor strength, and eliminates rust-prone exposed seam between floor and side compartments.

- Double spring over center door closures on all vertical doors, keeps door in positive open or closed position.

- 250 lb. capacity adjustable divider shelves made of spangled galvanized steel. Limited quantity of dividers furnished standard. Divider slots on 4" centers. With Knapheide's exclusive six-year warranty.

- Exclusive all stainless steel continuous hinge provides superior corrosion protection, full length support for the doors and pry-proof security with a built-in weather shield. Hinge is supported with Knapheide's exclusive six-year warranty.

- Double-shell, 20-gauge, two-sided A-40 galvalneal steel hat section reinforced doors for durability and long life.

- Standard slammable tailgate shown. Slam lockable with one hand center release. Strong double panel construction has flat interior surface for work bench use.

- Exclusive "Quick Mount" installation permits quick, safe mounting of body and bumper, allows easy transfer from chassis to chassis (meets FMVSS301 requirements.)

- Interior light guards provide protection for optional recessed lighting and wiring package.

- Exclusive thick automotive bulb-type neoprene door seals protect compartment contents from weather.

- Exclusive adjustable "Security Ring" strikers provide strength, security and a weather tight seal throughout the life of the body.

Shown with optional equipment.

FRONT

- Stainless steel paddle activated, rotary-style latches close easily and stay closed. Individually lockable bolt-on latches can be removed for repair or replacement. With Knapheide's exclusive six-year warranty.

BACK

- Interior cover secures the latch to the door and protects latch mechanisms from being damaged.

Because Rust Never Sleeps

When you buy quality Knapheide products, rust shouldn't be a worry. To provide the best protection against rust, we installed K-Coat, our state-of-the-art, custom-designed electrocoating prime paint system. K-Coat bonds paint to steel by an electroplating process, to give you better corrosion protection than spraying. Complete immersion in K-Coat results in a prime coat that provides excellent chemical and solvent resistance. Our K-Coat system is the best electrocoat prime paint system in the industry. Because rust never sleeps. And because you should never worry about the quality of your Knapheide product.
