# STANDARD

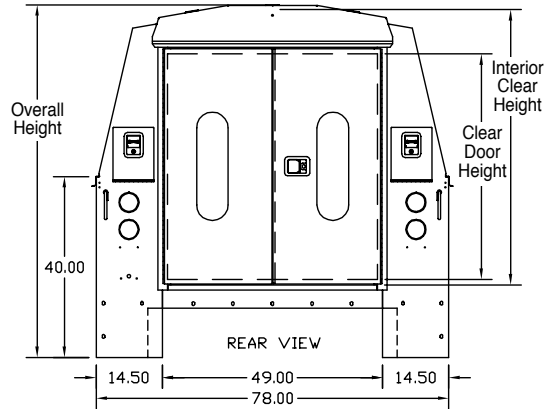

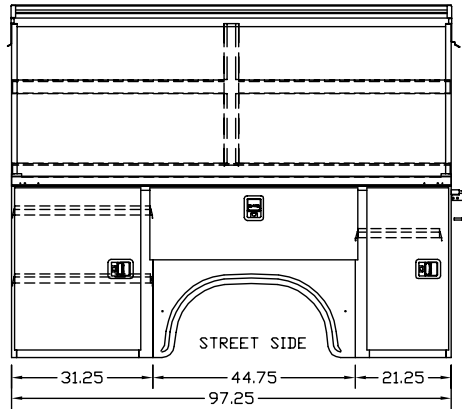

- A) KnapTight™ double panel rear cargo doors lock and seal into the body frame. These 20 gauge Galvanneal steel doors have nitrogen gas struts, slam latches, and have glass windows with guards.
  - B) Two Conduit chutes to transport copper pipe, PVC, and conduit.
  - C) Master Locking System, for peace of mind, locks down all of the side compartments in one move. Optional KnapLock™ keyless entry system available!
  - D) Rear vertical compartment contains 1 adjustable shelf warranted to hold up to 250 lbs.
  - E) Horizontal compartment contains 1 adjustable shelf warranted to hold up to 250 lbs (passenger side only).
  - F) Front vertical compartments contain 2 adjustable shelves warranted to hold up to 250 lbs each.
  - G) Vertical compartment doors employ double spring-loaded, over-center retainers for elimination of involuntary swing.
  - H) Automotive Door Seals for protecting your tools and parts from the elements.
  - I) “Pry-Proof” stainless steel hinges for security.
  - J) Stainless steel latches.
    - Stainless steel paddle activated, rotary-style latches close easily and stay closed. Individually lockable bolt-on latches can be removed for repair or replacement. With Knapheide's exclusive six-year warranty.
    - Interior cover secures the latch to the door and protects latch mechanisms from being damaged.
  - K) Spacious cargo storage area for transporting - tools and oversized items such as water heaters.
  - L) Two interior dome lights in cargo area with light switch inside the cargo area.
- And more (not pictured):
- Rust protection from Knapheide's K-Coat System (complete immersion in electro-deposition prime paint).
  - All compartments can be locked independently for maximum security.
  - Grab handle (right rear).
  - 6 Year limited warranty
    - No rust through
    - Door hinges will not fail or come off the body
    - Latches and lock cylinders will not fail to operate
    - Shelves will not bend under max load of 250lbs. (see warranty for details)

Since 1848, The Knapheide Manufacturing Company has continued to be an industry leader, with a vast distribution network and expert staff ready to help.

Aluminum Fuel Fill

\*Also available as an aftermarket option

## Because Rust Never Sleeps

When you buy quality Knapheide products, rust shouldn't be a worry. To provide the best protection against rust, we installed K-Coat, our state-of-the-art, custom-designed electrocoating prime paint system. K-Coat bonds paint to steel by an electroplating process, to give you better corrosion protection than spraying. Complete immersion in K-Coat results in a prime coat that provides excellent chemical and solvent resistance. Our K-Coat system is the best electrocoat prime paint system in the industry. Because rust never sleeps. And because you should never worry about the quality of your Knapheide product.
