## Because Rust Never Sleeps

When you buy quality Knapheide products, rust shouldn't be a worry. To provide the best protection against rust, we apply K-Coat, our state-of-the-art, custom-designed electrocoating prime paint system. K-Coat bonds paint to steel by an electroplating process, to give you better corrosion protection than spraying. Complete immersion in K-Coat results in a prime coat that provides excellent chemical and solvent resistance. Our K-Coat system is the best electrocoat prime paint system in the industry. Rust never sleeps, and you should never worry about the quality of your Knapheide product.

### 6 Year Limited Warranty

- ▶ No rust through
- ▶ Door hinges will not fail or come off the body
- ▶ Latches and lock cylinders will not fail to operate
- ▶ Shelves will not bend under max. load of 250 lb.

Defects from workmanship and/or material not specified above are covered with a one (1) year warranty.
