

Westerner Platform Bodies

Standard Features

- 12 gauge treadplate wrap-around floor design creates a rigid floor without the use of side rails
- 12 gauge high strength sills are self-cleaning
- Reinforced internal stake pockets provide stack rack compatibility
- One piece rear skirt has screened covers for chassis light protection
- All clearance, marker, and identification lights meet FMVSS 108 regulations
- Wire harness is enclosed in protective loom with weather-tight connections
- Lights are reflectorized and mounted in rubber grommets
- Complete immersion in Knapheide's electrodeposition prime paint system provides superior corrosion resistance
- Undercoating provides increased protection from corrosion
- Durable oven-cured black finish paint produces a high gloss finish

Specifications

Model	Chassis	Body Length	Body Width	Long Sill Spacing	Net Weight (lbs.)
PG-838B	56" CA SRW	8'3"	78.25"	38"	630
PG-938B	60" CA SRW	9'3"		34"	709
PG-83B	56" CA DRW	8'3"	94.25"	38"	689
PG-93B	60" CA DRW	9'3"		34"	751
PG-113B	84" CA DRW	11'3"		34"	903
PG-123B	84" CA DRW	12'3"		34"	991
PG-143B	108" CA DRW	14'3"		34"	1,140

Popular Options

- 37" high tapered drop-in bulkhead with punched window opening (recommended)
- Above body and underbody toolboxes for storage
- Stake racks – 6", 15", 28", or 40"
- Class IV and Class V receiver hitch options
- LED marker, clearance, and identification light kit
- Rope hooks and tie down channels for securing cargo
- Side rub rails to protect tie down straps
- Chassis specific mounting kits
