

# KNAPHEIDE®

**SINCE 1848**

## **Crane Reinforcement Kit**

- Available as an installed option for most standard Knapheide Service Bodies
- Curbside rear vertical compartment is reinforced to support cranes with a rating up to 16,000 ft.-lbs.
- Top plate is compatible with most major crane manufacturers (Autocrane, IMT, Liftmoore, Stellar, and Venturo)
- For severe applications Knapheide recommends the CRK Option be used in conjunction with the Torsion Box Understructure Option
