KNAPHEIDE

CONCRETE BODIES

A FLATBED AS TOUGH AS YOUR CONCRETE WORK

The Knapheide Concrete Body has everything a concrete contractor needs in a work truck. This rugged truck body gives you a multi-functional material rack, ample hauling space, secure storage and a fold-down tailgate for cargo access.

PRODUCT FEATURES

A PVMX PLATFORM BASE
11-gauge high tensile strength steel cross sills on 18" centers with 5" structural C-Channel long sills

B SIDE AND END RAILS
are constructed of 12-gauge high tensile strength steel

C TOOLBOXES
(1) above body and (1) underbody toolbox on each side of the body. (Toolbox size is dependent on platform length.) Toolboxes include double panel door construction and 3-point T-handle latches

D SCREENED WINDOW BULKHEAD
is contoured to conform to the lines of the cab, while offering maximum visibility

E ALL LED CLEARANCE AND MARKER LIGHTS
for visibility and added safety

F MATERIAL RACK
is rated for 1,500 lb. and side-forklift loadable. The rack includes a swing-away rear cross bar and removable intermediate cross bars for loading taller items, along with tie-down hooks to help secure your items

G 14" REMOVABLE SOLID STAKE SIDES
secure within the platforms internal stake pockets

H 14" DROP DOWN REAR GATE
double-panel contractor-grade tailgate drops down a full 180 degrees for easy loading and unloading

I BLACK PAINT
standard finish

J FULL-HEIGHT TAILBOARD
at the rear of the above body toolboxes to separate the bed space

PCCR-12
**Body may be shown with optional features*

FEATURES NOT SHOWN

ALUMINUM TREAD PLATE ROCK GUARDS
installed on the front of each underbody toolbox

ELECTRODEPOSITION PRIME-PAINT SYSTEM
provides superior corrosion resistance

8' OR 10' UNDERBODY STORAGE COMPARTMENT

ALUMINUM TREAD PLATE TRIM

KNAPHEIDE LED TAIL LIGHTS

COMMITMENT TO
CORROSION RESISTANCE

Corrosion won't be a concern when you buy quality Knapheide products. To give you the best corrosion protection, we utilize a state-of-the-art, custom-designed, 12-step, SST cathodic electrodeposition finishing system, called "E-Coat."

It bonds prime paint to steel by an electroplating process to give you a superior coat of primer, resulting in better corrosion protection compared to spraying methods.

This system allows us to create products with the highest level of corrosion resistance available.

KNAPHEIDE®

SINCE 1848

★ AMERICA'S ★ WORK TRUCK™

The decisions you make about your equipment carry real weight. Your schedule, your team and your customers all depend on your tools to perform the way they should. That's why Knapheide goes beyond the build. By bringing innovative design, engineering, manufacturing and support together, you get a work solution that's ready from day one and stays consistent over time. American-made since 1848 and shaped by generations of experience, Knapheide fits the way you run your business and supports where you're headed next. It's a partnership you can count on every step of the way.

UNITED IN WORK.
