

// SIGN GUIDELINES

FOR SIGNS CONTAINING KNAPHEIDE LOGO

The Knapheide logo placement should always follow the “logo clear space” guideline (located in the Knapheide Brand Guidelines, pg. 18):

The Knapheide logo should have space equaling a full “K” height from “Knapheide” on all sides of the full logo and that space should not be intruded.

See horizontal and vertical sign layout examples for reference.

For a copy of the complete set of Knapheide Brand Guidelines, or for any questions, please contact the Knapheide Marketing Department at branding@knapheide.com.
