KNAPHEIDE

KNAPHEIDE STEEL TOOLBOXES

STEEL TOOLBOXES

Toolboxes from Knapheide are a great addition to a pickup, platform, dump body, or gooseneck body. Pickup applications are mounted on the top of the bed rail to help store the tools and supplies you need to keep your cargo bed open. Underbody toolboxes are available for mounting below the body to help increase storage space. Choose from our steel toolboxes to best fit your work truck's needs.

Above body toolboxes

STEEL TOOLBOXES

Roll formed galvanized steel construction, double panel reinforced doors and automotive-quality, 3-point T-handle latches make these toolboxes stand above the competition. Available in over twenty different lengths to fulfill your tool storage demands.

COMMITMENT TO CUSTOMER SATISFACTION

There's a certain type of worker out there who never settles for second best in the work they do. That's why we never settle when it comes to building high-quality products that help make that work go easier.

As the industry changes, one thing never will — our commitment to making customers like you as productive and efficient as possible.

KNAPHEIDE. NEVER SETTLE.

NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

KNAPHEIDE. NEVER SETTLE.
