STANDARD FEATURES

- Rugged 14-gauge, two-sided A-40 galvanized steel construction for durability and corrosion resistance
- Superior understructure strength from 6" formed C-Channel cross sills
- Continuous stainless steel hinges are pry-proof and corrosion-resistant
- Automotive-quality, rotary-style latches make opening and closing easy
- Double-spring over-center door retainer eliminates involuntary door swing
- Exclusive "Return Flange" floor design provides support
- Neoprene door seals protect compartments from the weather
- Electrodeposition prime-paint system provides superior corrosion resistance

AVAILABLE STYLES

// CONVENTIONAL

Conventional style line bodies include compartments behind the rear wheels. Standard models are available in body lengths from 9' to 14'. They are compatible with aerial and non-aerial applications, as well as a canopy roof.

// BOBTAIL

Bobtail style line bodies do not include compartments behind the rear wheels. Standard models are available in body lengths from 11' to 12-1/2'. They are compatible with digger derrick, aerial and non-aerial applications.

COMMITMENT TO CORROSION RESISTANCE

Corrosion won't be a concern when you buy quality Knapheide products. To give you the best corrosion protection, we utilize a state-of-the-art, custom-designed, 12-step, SST cathodic electrodeposition finishing system, called "E-Coat."

It bonds prime paint to steel by an electroplating process to give you a superior coat of primer, resulting in better corrosion protection compared to spraying methods.

This system allows us to create products with the highest level of corrosion resistance available.

NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

Knapheide. Never settle.
