The Big Storage Pocket can be fastened to the front or rear end panels. The storage pocket comes with mounting screws and nuts, and loops pre-installed on the side.

**NOTE:** Plastic tool loops are included but not pre-installed (see page 2).

Determine the desired location to mount the storage pocket. NOTE: Longer screws (not provided) are required to mount the storage pocket adjacent to a shelf.

Secure the storage pocket to the desired end panel in a horizontal position with the screws and nuts provided.

Plastic tool loops are included with the large storage pocket. Tool loops fit the slot on the right or left side of the big storage pocket.
