

The Upgradeable Shelf Divider 401010283-KIT can be installed on Wide-4 & Wide-6 upgradeable shelves.

Each kit includes mounting screws and nuts.

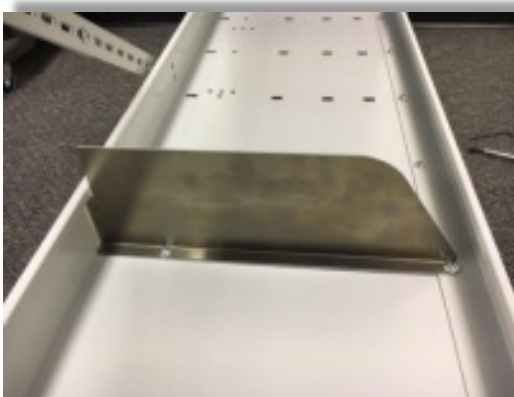

Upgradeable Shelf Divider Hardware		
QTY	PART #	DESCRIPTION
2	71003972	SELF-LOCK NUT (M6)
2	71003916	SCREW (M6 X 12)

1. Determine the desired location for the upgradeable shelf divider. Line up the holes of the divider with the holes in the shelf.

2. Install the divider with provided hardware.

NOTE: Installation of the upgradeable shelf divider with a shelf lip **is possible** using the provided hardware or by using the shelf lip hardware (front hole only).

The divider is installed over the shelf lip in this situation.

NOTE: The upgradeable shelf divider is also compatible with aluminum drop flap kits FBK40-8 & FBK60-8, as well as, the drop down door kit DR40-18.
