

The MBS-KIT includes 2 directional slides (right and left) and mounting screws and nuts. The MBS-KIT is compatible with all 2-wide Shelf Staxx.

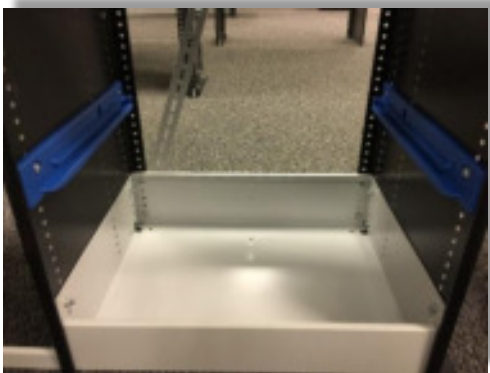

Prior to mounting the MBS-KIT make sure there is enough space available to fit the Accessory Box being installed. Refer to the back of the Expand Installation Instructions manual for BOX space requirements.

1000002820 HARDWARE KIT		
QTY	PART #	DESCRIPTION
4	71004896	SCREW (M6 X 16)
4	71003884	PAWL NUT (M6)

**1.** Determine desired height of the MBS-KIT and install each slide with the provided hardware.

**NOTE:** Be sure to mount the MBS slides at the same grid height on the left and right Staxx end panels.

**NOTE:** Slides are directional and must be installed facing the correct way. The open end of the track should be facing out the front of the Shelf Staxx.

**3.** Insert Accessory BOXes after the MBS-KIT has been installed.
